A Black and White Modern Farmhouse Kitchen That's Anything But Boring

Katrina Hernandez of New York design firm Hernandez Greene shows that going dark can actually warm up a space.

By Natasha Wolff | June 28, 2017

Streamline Surfaces

“The black concrete apron sink helps to not break the counter line while offering a hint of country aesthetic,” says Hernandez, who finished the look with a matte black faucet and exposed shelving made with iron piping.

Farmhouse Kitchen Sink, Native Trails, \$1,698
