

Luxury Living, Positive Impact

We partner with artisans both locally and around the world to handcraft inspiring kitchen and bath products from natural, sustainable materials.

Timeless Craft. Sustainable Luxury.

Each Native Trails handcrafted creation is a testament to artistry, sustainability, and intentional design. Rooted in the belief that beauty and function should coexist, our pieces are thoughtfully made to stand the test of time — both in style and in impact.

“

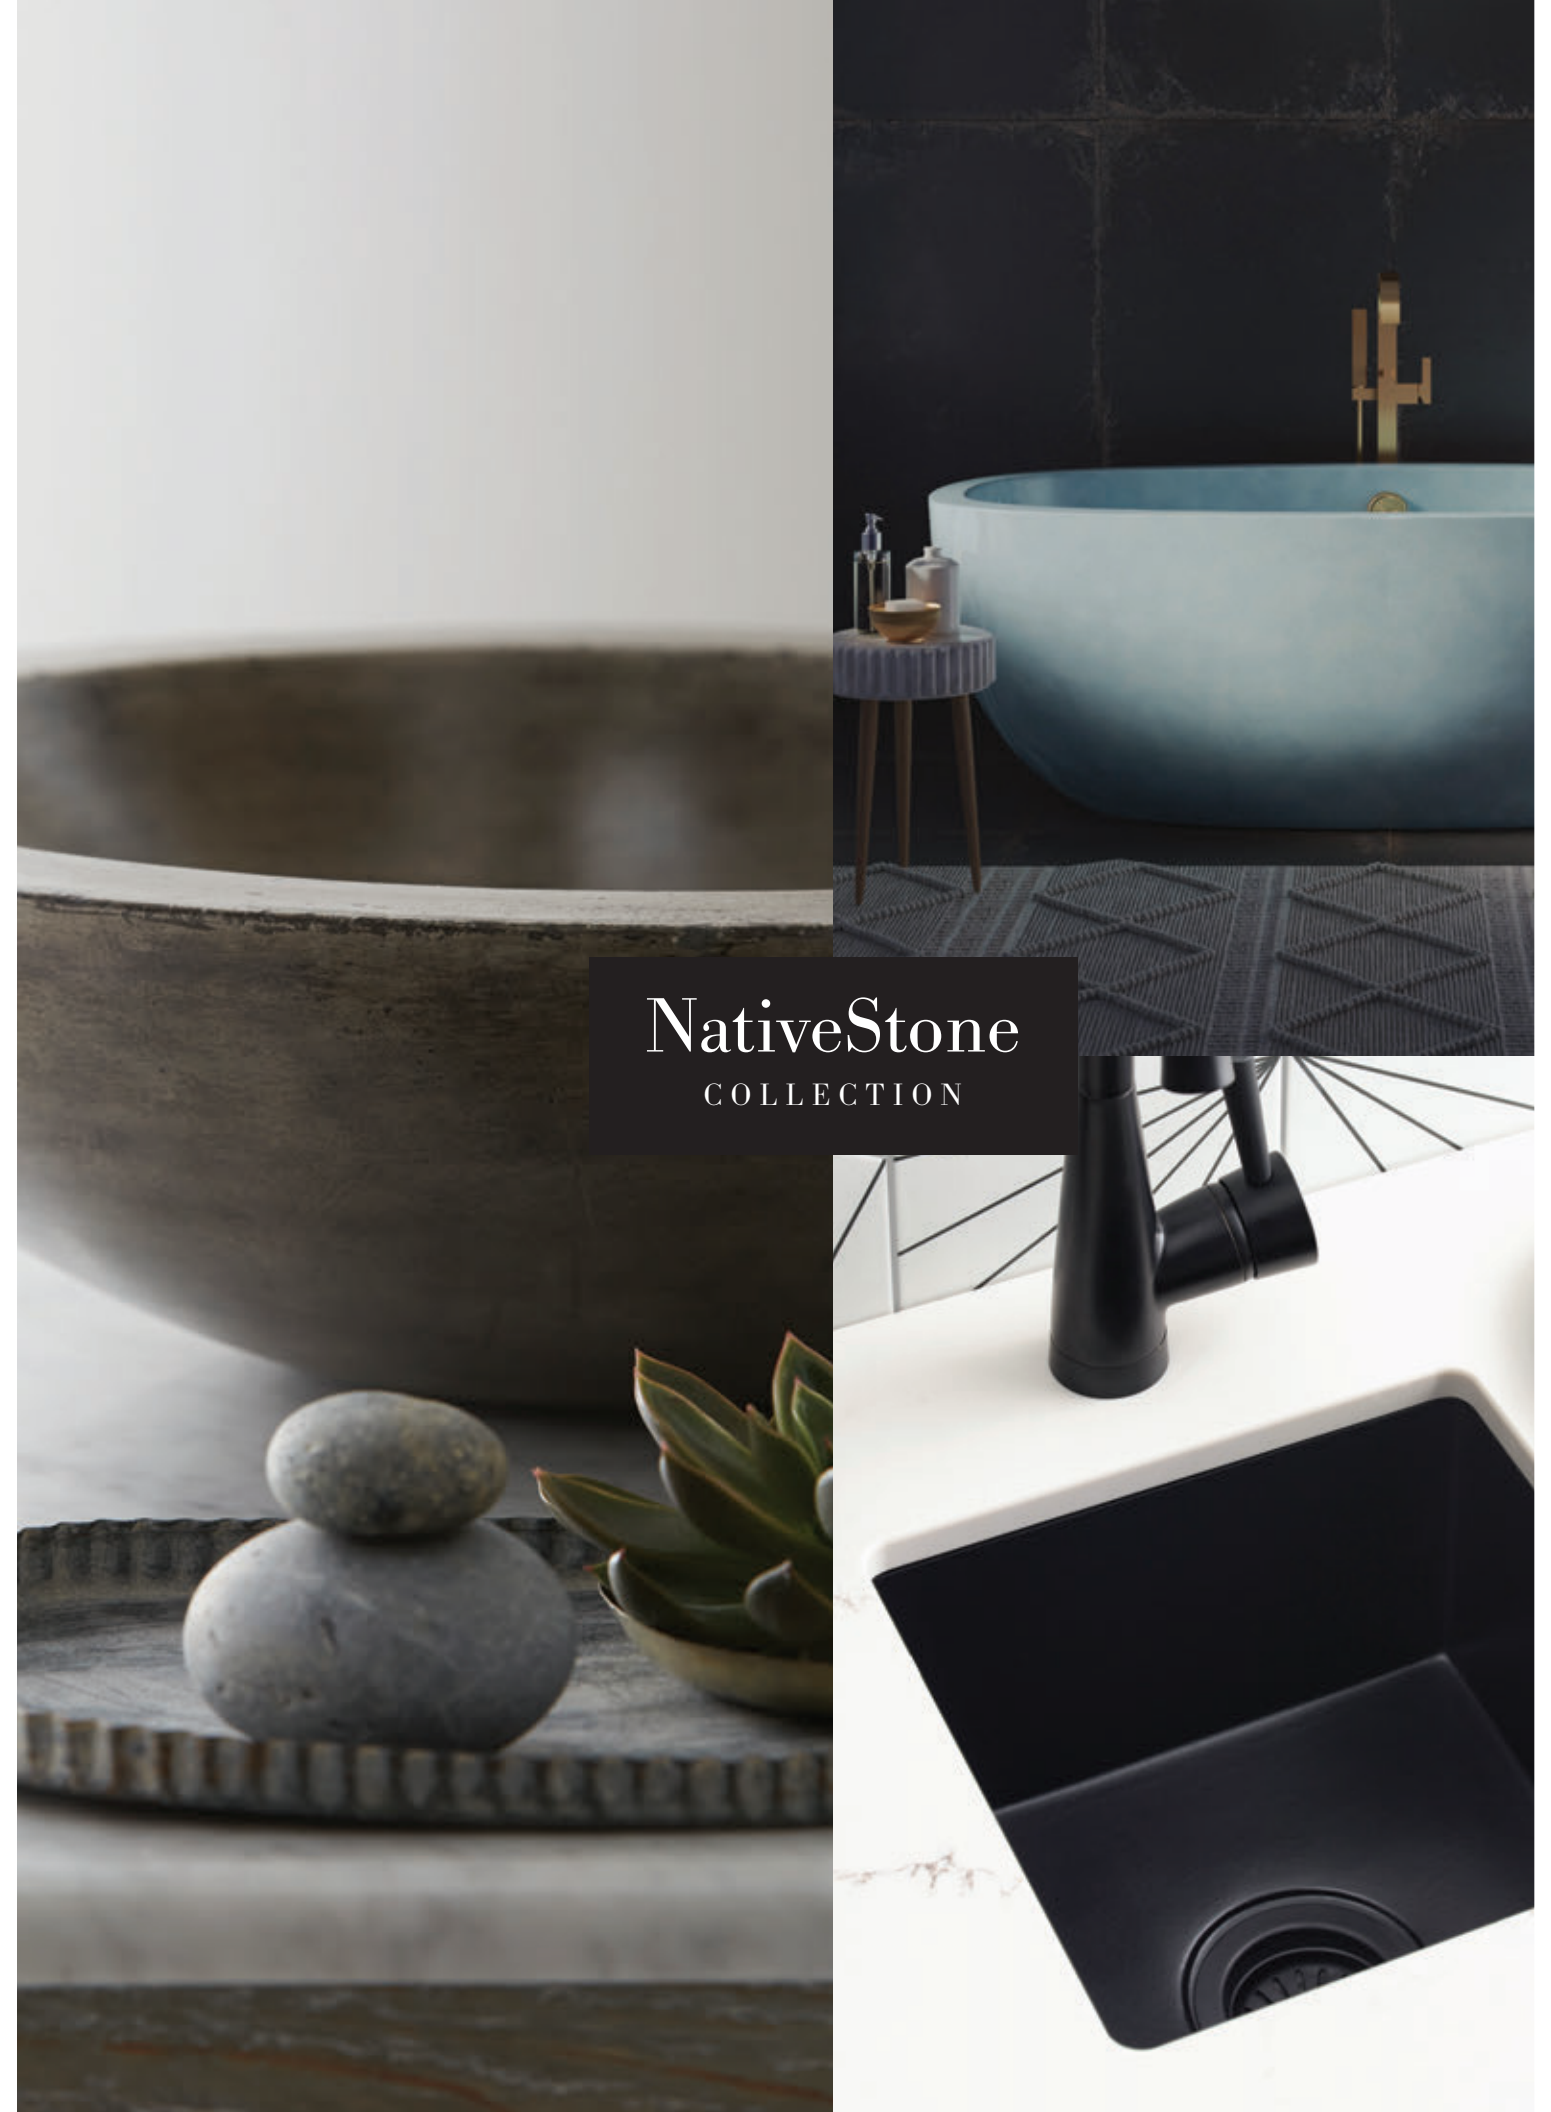

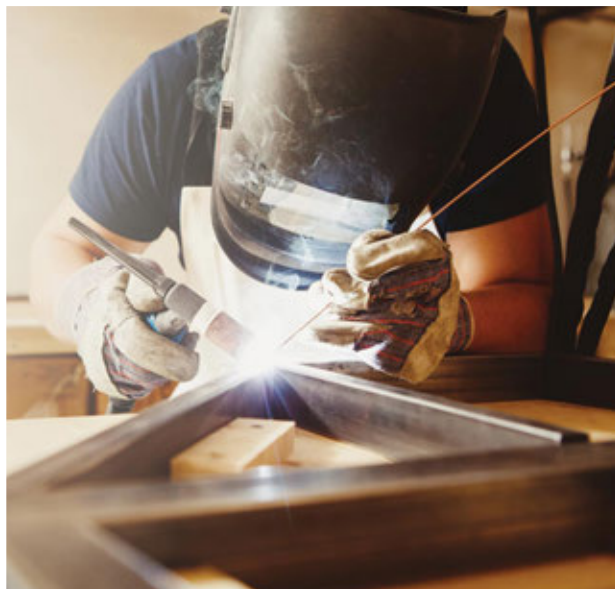

At Native Trails, we blend artisan tradition, sustainability, and contemporary design to create pieces that are as meaningful as they are beautiful - crafted with purpose, built to last, and designed to inspire.

Naomi Neilson, Founder/CEO

Perfectly Imperfect. Consistently Exceptional.

Native Trails is known for superior quality, balancing the artistry of handmade products with the highest standards of excellence. By partnering with skilled artisans and using premium materials that meet our thoughtful criteria, we celebrate craftsmanship while ensuring reliability in every piece. Of course, with handcrafted products, much of the beauty lies in the same variations that make each item completely individual.

NativeStone
COLLECTION

NATIVESTONE[®]

CONCRETE DONE BETTER

SAND

The result is a breathtaking product line available in ten nature-inspired finishes, thoughtfully designed to blend modern living with concrete's inherently industrial allure – truly unique functional works of art for the kitchen or bath.

OCEAN

Sustainably crafted from a blend of natural materials, NativeStone is expertly handmade by skilled artisans. Its lighter weight, unique coloration, and superior stain resistance elevate concrete to an art form.

Reinforced with renewable jute fiber, NativeStone achieves remarkable strength while remaining over 40% lighter than standard concrete.

Enhanced by contemporary artisan techniques, the material showcases a luxurious, silky-smooth texture and organic beauty.

Protected by our proprietary NativeStone Shield™, this innovative sealer penetrates at a molecular level, forming a resilient barrier that resists scratches while repelling water, oils, acids, and food—ensuring lasting durability without compromising its natural appeal.

COPPER

ARTISTRY

Native Trails' iconic copper sinks and tubs blend traditional artistry with contemporary elegance, offering timeless beauty and unparalleled craftsmanship.

This ingenious marriage of metallurgy, artistry, and tradition results in one-of-a-kind creations that embody the mastery and heritage of the coppersmiths, culminating in functional works of art made from sustainable materials.

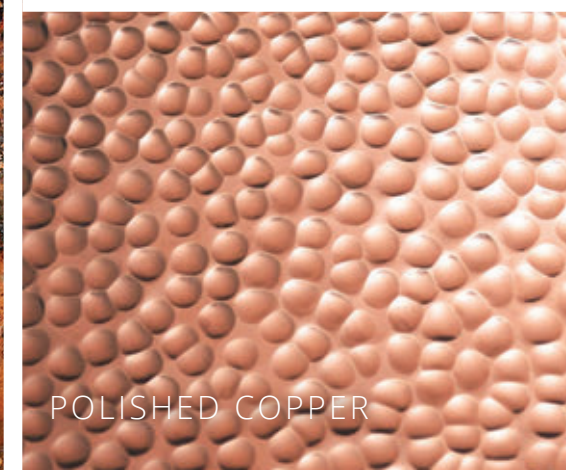

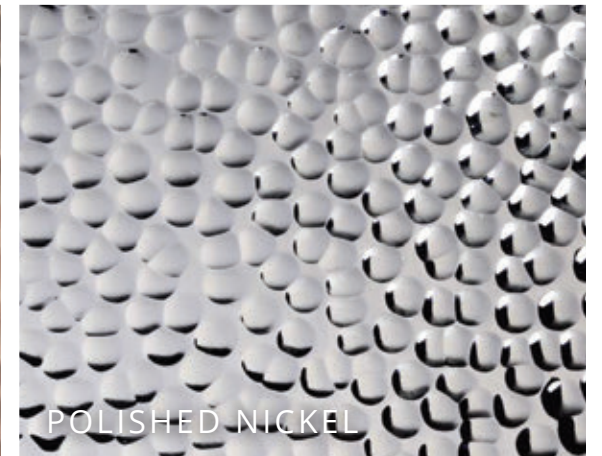

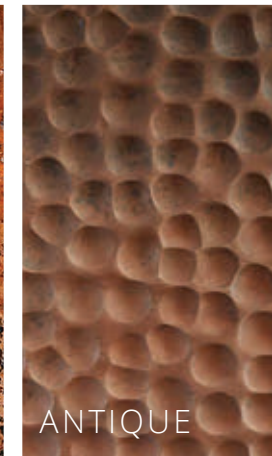

Recycled copper is melted down into an iron crucible and purified, then poured to form workable ingots. The solid copper ingot, or brick, is pressed into sheets, then formed into shape by master coppersmiths through an arduous cycle of heating the copper red-hot over coals, meticulously hammering it into shape, and periodically reheating it to maintain malleability.

A typical Native Trails sink takes several days and tens of thousands of hammer strikes to complete.

Experience unparalleled luxury with Native Trails' nickel finishes, created using advanced plating technology to achieve a stunning, opulent finish — whether brushed or polished. Built to last, our nickel is backed by a robust 10-year finish warranty, ensuring enduring beauty and exceptional durability.

Native Trails offers five distinctive copper finishes: Antique, Tempered and Polished Copper as well as our nickel plated finishes: Brushed Nickel and Polished Nickel.

Nickel, Perfected

Nickel, whether Brushed or Polished, is a premium finish option in the silver color family. With its warm, luxurious appearance, it offers a softer, more refined look than the more typical stainless steel. It is also wonderfully versatile; fabulous in a contemporary space yet just as perfect in a traditional design.

PRECIOUS METALS

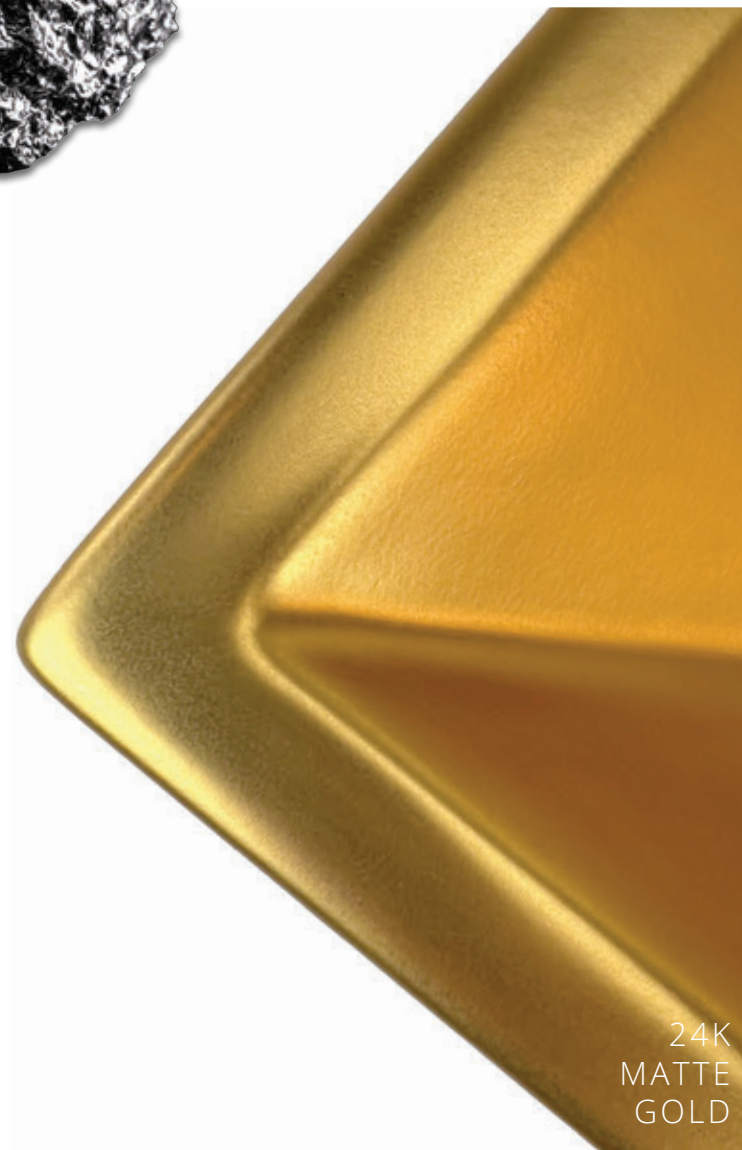

ARTISTRY

The Precious Metals Collection is handcrafted in Italy's Umbria region, renowned for its rich ceramic and metalworking heritage. It features fine fireclay sinks, skillfully formed by master artisans and hand-finished with genuine 24k gold, platinum and silver.

The process involves a meticulous triple firing technique: first, the fireclay is kiln-fired at over 2200°F; next, it is hand-glazed with precious metals and fired again; finally, it undergoes a third glazing and firing cycle to ensure lasting brilliance. Each sink is sealed with a custom protective sealer, ensuring remarkable durability.

The result is a stunning fusion of traditional artistry and modern sophistication—sinks that are not only visually captivating but also built to endure.

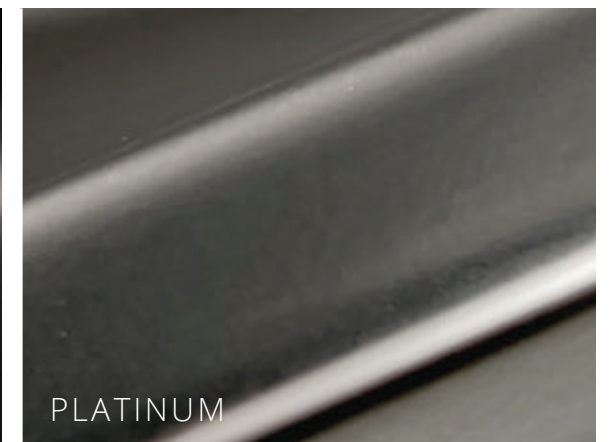

24K
MATTE
GOLD

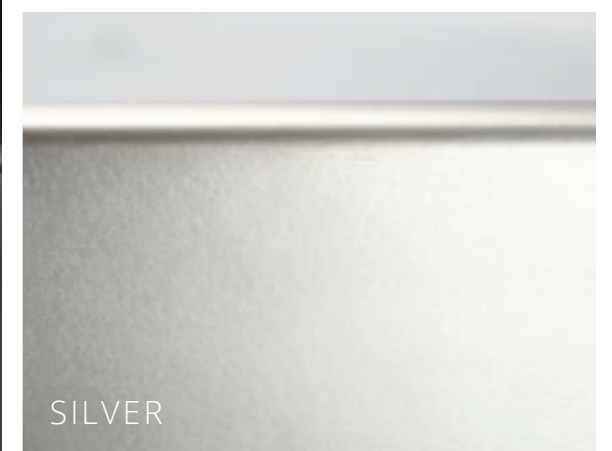

Our finishes feature genuine 24k Matte Gold, Platinum, and Silver, as well as a seductive Gunmetal finish that ingeniously combines all three precious metals.

MURANO

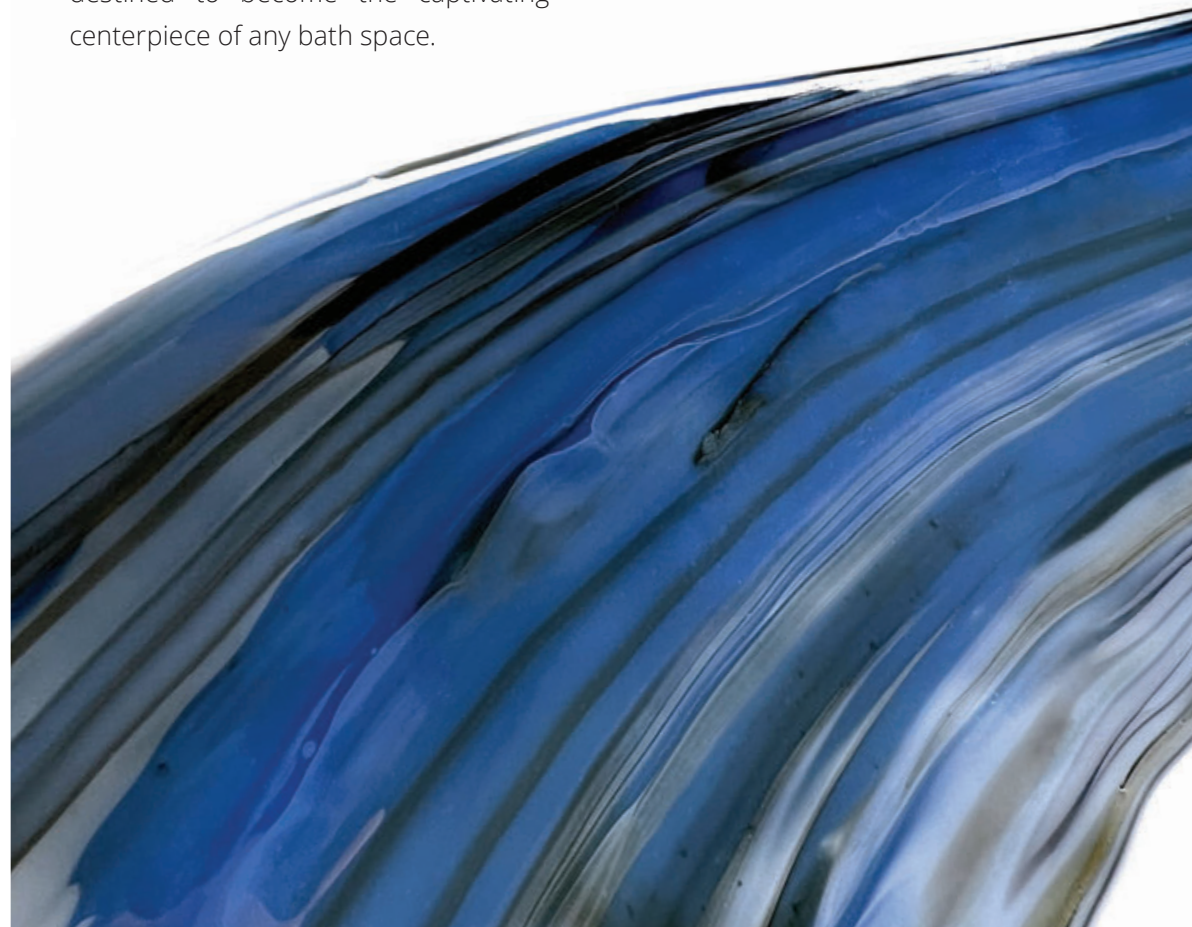

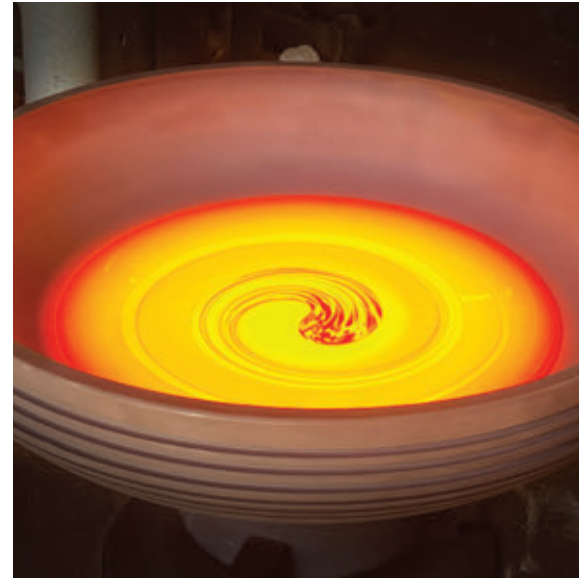

GLASS ARTISTRY

On the island of Murano, Italian glass artisans draw on over 1,500 years of glassmaking tradition, seamlessly blending age-old techniques with modern design and functionality. Master glassmakers melt sand and minerals in a furnace heated to 2,500°F, transforming them into molten glass, which is then expertly molded, spun, and shaped into stunning, one-of-a-kind pieces.

The vibrant colors and intricate patterns of the Murano Collection emerge during this fascinating molding and spinning process, giving each hand-formed glass vessel its own unique character as an irreplaceable work of functional art.

These exceptional creations serve as striking symbols of luxury design, crafted with pride and care, and are destined to become the captivating centerpiece of any bath space.

MURANO DESIGN SERIES

The Murano Collection consists of seven Design Series that incorporate colors and patterns inspired by views of the Italian coastline.

MARINA

Featuring stunning ocean hues and a touch of warmth redolent of sandy shores where ribbons of blue and white hug each curve.

SEASPRAY

Translucence, texture, and swirls of white all converge to create a stunning light effect, reflecting the glimmering texture of spun glass.

SHORELINE

Creamy background and bold colors inspired by the sand, ocean, and waves of the Mediterranean Sea.

BEACHCOMBER

Earth tones and hints of mother of pearl create an undeniably alluring effect.

ABALONE

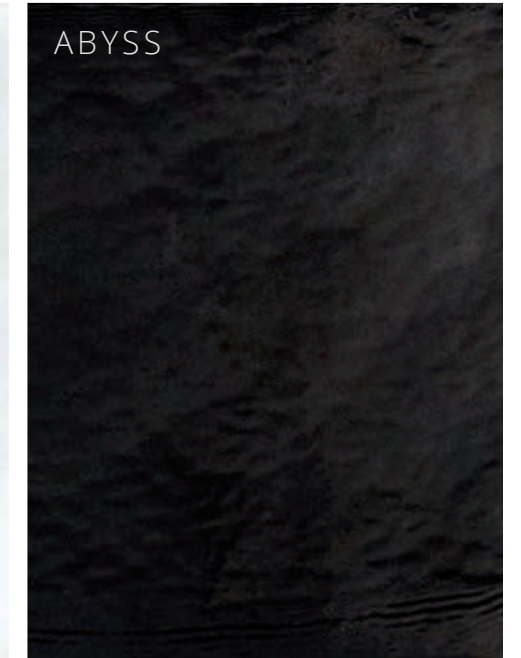

Shimmering mother of pearl meets warm tones, all in the swirl of the sea.

BIANCO

This opaque, white-colored glass called lattimo, or milk glass, highlights the beauty of form, function, and texture.

ABYSS

The bold depth of dark color lends focus on the shape and texture of each vessel.

SEALERS & UNDERMOUNT KITS

NativeStone Shield™

SKIT42-NS 4oz

SKIT82-NS 8oz

NativeStone Shield provides the ultimate protection - an exclusive, long lasting sealer for NativeStone concrete.

Native Trails MetalProtect®

SKIT4-C 4oz

SKIT16-C 16oz

MetalProtect creates a long lasting barrier against tarnishing and fingerprints on polished metal finishes.

Sink Undermount Kits

A simple and secure method for undermounting any sink with or without a rim into a wood cabinet. It is highly recommended for NativeStone and Precious Metals rimless sinks due to its easy leveling with multiple adjustment points.

UK1426 26" Undermount Kit

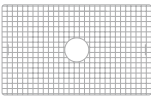

Adjustable from 14" to 26" in length. Best for small (less than 27" wide) bathroom vanity installations. Also used for front-to-back installations of rimmed sinks in standard cabinets.

UK2547 47" Undermount Kit

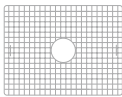

Adjustable from 25" to 47" in length. Works well in cabinets 27" to 48" wide. Best for most kitchen and bathroom cabinet installations.

THE WINEMAKER SERIES

WHERE SUSTAINABILITY MEETS MODERN LUXURY

Handcrafted on California's central coast using upcycled French and American white oak staves sourced from local wineries, this exquisite collection embodies the art of repurposing with a contemporary, yet classic twist.

Once their useful life in winemaking has ended, the oak staves are meticulously processed to reveal their rich grain and buttery-soft finish. The resulting transformation into indulgently tactile bath furniture showcases the natural beauty and character of the wood.

THE Vintner's COLLECTION

The Vintner's Collection brings new life to wine-making materials salvaged from the heart of California's wine country, transforming oak staves into elegantly functional furniture and mirrors with a unique history.

Vintner's Vanities and Mirrors are crafted from reclaimed oak staves that were once used to flavor wine during fermentation.

These staves soak in wine for months, absorbing its tannins, aromas, and the vibrant color of the grapes, while enhancing the exceptional character and grain of the oak. Once their winemaking journey ends, this incredible oak is ready to be transformed into a Vintner's work of art.

Vanity Tops

Designed for durability and versatility, our vanity tops feature natural materials and timeless finishes that perfectly complement our sinks and bath vanities — or any standard vanity. Available in a variety of sizes, faucet hole options, and cutout configurations, they are compatible with most of our sinks. Choose from six striking finishes in NativeStone® or the classic elegance of Carrara Marble.

HOW TO ORDER:

Choose size, cutout option, material/finish, and faucet hole configuration.

SKU: SIZE – CUTOUT – FINISH – FAUCET HOLES

Example: 36" Vanity Top with vessel cutout in NativeStone Sand finish, with 3 faucet holes - VT36-V-D-3

To identify Made to Order versus stocked vanity tops, please visit nativetrailshome.com/vanitytops or the Dealer Portal.

VANITY TOPS WITH INTEGRAL BASINS

Palomar Vanity Top with Integral Sink (Pages 48-51)

Capistrano Vanity Top with Integral Trough Sink (Pages 52-54)

Cozumel Vanity Top with Integral Sink (Page 108-109)

Winemaker

Generously grained French and American white oak wraps perfectly around Winemaker Mirror's beveled glass. Each one is handcrafted with meticulous care in the heart of California's wine country using locally sourced oaking staves reclaimed from the winemaking process.

Winemaker Small Mirror

MR231 in Cask Oak (*main image*)
MR238 in Charred Oak
23.75" x 30.75"

Winemaker Large Mirror

MR241 in Cask Oak
MR248 in Charred Oak (*above*)
26.75" x 37.25"

Beveled glass | Reclaimed wine-infused oak staves
Low VOC water resistant finish | Mounts horizontally or vertically

Solace

Crafted from FSC certified oak, Solace Mirror is available with or without shelf for two very different aesthetic results.

Solace 22" Mirror

MRO221 Mirror in Sunrise Oak
MSO221 Shelf in Sunrise Oak
MRO228 Mirror in Midnight Oak *(above)*
MSO228 Shelf in Midnight Oak *(above)*
22" Dia. x 2"

Solace 28" Mirror

MRO281 Mirror in Sunrise Oak *(main image)*
MSO281 Shelf in Sunrise Oak
MRO288 Mirror in Midnight Oak
MSO288 Shelf in Midnight Oak
28" Dia. x 2"

Portola

Made from NativeStone®, an innovative concrete/fiber blend that is light enough to hang on the wall, Portola pairs perfectly with a NativeStone bath sink or vanity top – or as an impressive focal point of its own.

Portola Small Mirror

NSMR2622-A Ash *(top right)*
 NSMR2622-C Charcoal *(top left)*
 NSMR2622-D Sand
 NSMR2622-E Earth
 NSMR2622-P Pearl
 NSMR2622-S Slate

Small: 22" x 26"
 Large: 29.5" x 33.5"

Handcrafted from NativeStone®
 Mounts horizontally or vertically
 Tapered frame
Large Mirror Ships LTL

Portola Large Mirror

NSMR3430-A Ash
 NSMR3430-C Charcoal
 NSMR3430-D Sand
 NSMR3430-E Earth
 NSMR3430-P Pearl *(bottom right)*
 NSMR3430-S Slate *(main image)*

Americana

Handcrafted in the USA, Americana Mirror provides a rich reflection of history; its beautifully textured wood frame, rescued from American structures of the past, has stood the test of time. Beveled glass complements the artisan wood joinery.

MR290 Whitewash (bottom right)

MR291 Chestnut (main image)

MR298 Anvil (bottom left)

MR299 Driftwood (top)

25.5" x 29.5" | Beveled glass | Reclaimed wood
Hand rubbed finish | Mounts horizontally or vertically

Vintner's

The Vintner's Collection is made from salvaged, wine stained oaking staves used to flavor wine during the fermentation process. Submersion in wine for many months enriches the exceptional character and grain of the oak, which is then further enhanced and protected with a low VOC finish.

MR131 Chardonnay (*main image*)
MR138 Noir (*above*)

29" x 33"
 Beveled glass
 Reclaimed wine staves
 Mounts horizontally or vertically

Hand Hammered Copper Mirrors

An artisan-crafted mirror from recycled copper is a timeless finishing touch or striking focal point. Merging tradition with modern design, each heirloom-quality piece exudes style.

Milano Mirror

MR294 Small *(main image)*
MR295 Large
Small: 20" x 36" | Large: 28" x 40" | Beveled glass

Sedona Mirror

Beveled glass
Handcrafted steel
Mounts horizontally or vertically

Asana Mirror

MR708 - \$645

31" Dia.
Beveled glass
Handcrafted Steel

TERMS AND CONDITIONS

SHIPPING: Orders are shipped FOB shipping point from a Native Trails distribution center via best carrier, and may ship from two separate locations. Orders requesting expedited shipping must be submitted before 8 a.m. PST for same-day processing; however, expedited delivery dates are not always guaranteed by UPS and FedEx.

FLAT RATE SHIPPING: Orders that ship LTL on a standard pallet (other than bathtubs and single LTL sinks) are shipped at a standard per-pallet rate of \$350 in the contiguous United States and \$400 to Canada. Bathtubs and oversized pallets incur an additional cost of \$150 each. Purchase Orders may not be combined for flat rate shipping.

FLAT RATE SHIPPING FOR LTL SINKS: Most Native Trails sinks ship via small parcel. The few that must ship LTL, as noted in the catalog, incur a different flat freight rate when shipped alone. A single LTL sink with drain/bottom grid incurs a flat rate of \$265 in the contiguous United States and \$330 to Canada.

RESIDENTIAL & LIFTGATE FEES: Flat Rate shipments include handling fees applicable for dock-to-dock delivery only; customer is responsible for any additional charges. Residential delivery is an additional \$80 and liftgate use is an additional \$70.

CANADA / INTERNATIONAL: Customer is responsible for payment of any customs/brokerage fees and duties for shipments to non-US destinations.

PRICES: All prices are determined by prevailing prices at time of order unless otherwise contracted in writing. Prices are subject to change without notice. All prices listed are in US dollars.

PAYMENT: Payment terms are Net 30 days upon credit approval unless otherwise indicated per invoice. We accept Visa and Mastercard; a 4% fee applies. Late invoices are subject to 1.5% finance charge per month. Native Trails reserves the right to alter payment terms to 'prepaid only' or to place account on credit hold at any time. Any disputes involving past-due accounts will be resolved through the California legal system and buyer will pay all attorney's fees and other costs incurred by Native Trails in collecting delinquent payments.

RETURNS: Notification is required prior to a return; please acquire Return Goods Authorization (RGA) number and process your return through the Native Trails Dealer Portal: nativetrailshome.com/dealer. *(Contact Customer Service if you need assistance logging on.)* Merchandise returned for reasons other than damage or defect is subject to a 25% restocking fee after 90 days of invoice date for stock items, or immediately for Made To Order (MTO) items. Returns are not accepted after 120 days of invoice date nor on discontinued or custom items. MTO items may not be returned after 90 days. We strongly recommend insuring all returns, as buyer is responsible for the merchandise's safe return; credit will not be issued for items damaged in return transit. Returns must be shipped via the same method as originally used (LTL or Small Parcel) to avoid transit damage. All authorized items being returned must be in new and sellable condition and in original packaging materials.

CLAIMS: We strongly advise inspecting all shipped products upon arrival. Shipping errors and damages (both concealed and visible) MUST be reported to Native Trails within 21 calendar days of delivery. All original packaging materials must be maintained. Bathtub damage claims must be made BEFORE removal from shipping crate bottom. Claims must be filed BEFORE product leaves original recipient address. If these conditions are not met, neither Native Trails nor the carrier will honor the claim.

Please report your claim through the Native Trails Dealer Portal: nativetrailshome.com/dealer. *(Contact Customer Service if you need assistance logging on.)*

NOTE: If a product ships on a collect or 3rd party account, damage claims cannot be submitted through Native Trails. Buyer must file claim through their chosen carrier.

Native Trails is not responsible for damages incurred during or after installation of products.

DEALER PORTAL: Our industry leading Dealer Portal offers instant access to inventory, order status updates, shipping quotes, literature requests, RGAs, custom order quote forms, and more. Discontinued and excess inventory deals are available on the Dealer Portal. Contact mail@nativetrailshome.com for more information or to gain access quickly. nativetrailshome.com/dealer

LEAD TIMES: Most stock orders ship complete within 3 business days. Customer will be notified with an expected date if lead time is extended. Stock status can be easily viewed on the Dealer Portal at any time. Made To Order items have lead times of 12 weeks.

MADE TO ORDER: We are thrilled to offer more finish and configuration options with our new Made To Order program. These items have lead times of approximately 12 weeks. Note: In case of damage or other unforeseen circumstances, there is always the unlikely possibility of lead time extension. MTO products may be returned within 90 days, however, a 25% restocking fee will apply. MTO orders cannot be cancelled or modified after order confirmation.

CUSTOM ORDER PROGRAM: We offer some customization of NativeStone® and Copper/Nickel products. Development fee ranges from \$500 to \$3500, and lead time ranges from 12 to 32 weeks, depending on product. Custom products are non-returnable and cannot be canceled after order is confirmed. Please download Custom Quote Request Form from the Dealer Portal for details.

FINISHES AND VARIANCES: Our products' handcrafted nature lends to dimension variances up to 1/2". Finishes may vary in hue, texture and pattern, making each item that we produce a one-of-a-kind piece of functional art. These variances are not considered defects. Expanded detail and imagery of expected variance is available on product pages of the website and in the Dealer Portal.

UMAP: In order to uphold our superior brand and image, Native Trails maintains a Unilateral Minimum Advertised Price (UMAP) policy. Accordingly, our UMAP indicates 25% less than List Price for kitchen & bath products, with limited and specific exceptions. This policy in no way affects buyer's right to determine actual resale prices. Our detailed UMAP policy is available on the Dealer Portal.

PRODUCT WARRANTIES: Buyer should activate product warranties by registering Native Trails products at nativetrailshome.com/register.

Warranties are non-transferable and do not apply to products purchased for display purposes or sold "as-is". Warranty is valid for residential use only and does not cover labor or other expenses other than defective product replacement, exchange, or repair materials.

Variations in dimensions, textures and finishes are inherent in our handcrafted products and are not considered defects. Finishes and sealers are not covered by our product warranties, unless otherwise stated as in the case of nickel finish sinks.

Warranty details can be found at nativetrailshome.com/product-warranties. For warranty claims, contact warranty@nativetrailshome.com.

FAQ: Please visit nativetrailshome.com/faq for helpful information regarding frequently asked questions.

Sustainability That Empowers

They aren't just products — they're stories, traditions, and legacies passed down through generations.

Sustainability is about people and communities as much as the planet; social sustainability is woven into the fabric of every Native Trails creation.

We empower our artisans by providing reliable income and microfinancing for capital improvements, helping them grow and thrive alongside us. This ensures a lasting positive impact on our artisan families and their communities, enabling them to flourish while honoring and preserving their artisan heritage.

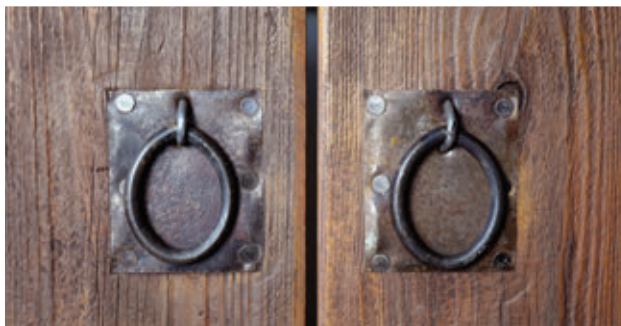

Design With Purpose

At Native Trails, every piece is created with intention — blending artistry with sustainable innovation. We thoughtfully source natural and reclaimed materials, such as NativeStone® (a blend of jute fiber and concrete), FSC-certified and repurposed wood, and recycled copper, ensuring each product is as durable and responsible as it is beautiful.

Using business as a force for good. As a certified B Corporation, Native Trails meets the highest standards of environmental responsibility, social performance, accountability, and transparency. This certification is more than a title — it's a commitment to people, to purpose, and to making a positive impact on the world.
