BLAZING A TRAIL

THE NATIVE TRAILS STORY

"I founded Native Trails with a dream of bridging cultures, of combining artisan heritage with innovative design and sustainable materials. Bringing the beauty of undiscovered artisans to homes all over the world is a passion I gratefully live out every day."

Introducing Concierge Collection

*A kitchen workstation sink is
inherently functional—we believe it
should be beautiful, too.*

A gently angled ledge supports a curated suite of custom accessories in elevated finish options, turning everyday prep into something joyful.

Artisan crafted in multiple materials and finishes: authentic Italian fireclay, NativeStone® concrete, and hand-hammered copper and nickel, each Concierge sink reflects material heritage and heirloom quality.

1. Dreamer Concierge 33 with Colander in Champagne Bronze
2. Pinnacle Concierge in Antique with Drying Rack in Gunmetal
3. Paragon Concierge in Brushed Nickel with Colander in Stainless Steel
4. Haven Concierge 30 with Colander in Gunmetal
5. Pacifica Concierge 3319 in Slate with Drying Rack and Bottom Grid in Champagne Bronze
6. Farmhouse Concierge 33 in Antique with Colander in Gunmetal

NativeStone®

Concrete done better

A masterful blend of contemporary artistry and innovation, NativeStone is exceptional in its lighter weight, one-of-a-kind coloration, and extraordinary stain resistance.

Each piece is sealed with exclusive NativeStone Shield, which penetrates the concrete as never before to create a barrier that is scratch resistant and impervious to water, oils, acids, and food.

Hand Hammered C O P P E R

Centuries of tradition merge with contemporary design, as skilled copper-smiths transform recycled copper into genuine works of art.

A typical copper sink or bathtub takes several days and many thousands of hammer strikes to perfect and is guided by generations of experience.

Introducing
FIRECLAY COLLECTION

Crafted by hand in Umbria, Italy, Native Trails fireclay sinks are rooted in an authentic ceramics heritage shaped by place and practice.

Made using traditional fireclay methods, each sink is kiln-fired at over 2,200°F for a luminous finish and exceptional strength, remarkably resistant to chips, scratches, stains, and everyday impact.

Guided by master artisans, every fireclay sink carries the soul of its origin and is built to last a lifetime.

PRECIOUS METALS COLLECTION

Genuine 24k Matte Gold, Platinum, and Silver lend a radiant, jewel-like presence to the Precious Metals Collection. Gunmetal finish ingeniously combines all three precious metals into one seductive, dark hue.

Italian artisans expertly form sinks from fine fireclay, then apply the glazes by hand. Each piece is triple kiln-fired, then meticulously sealed, creating the ultimate luxury showpiece that will endure the test of time.

THE VINTNER'S COLLECTION

Featuring wine-making materials salvaged from the heart of California's wine country, the Vintner's Collection reincarnates oak barrels and staves into elegantly functional furniture and mirrors with a unique history.

Vintner's Vanities and Mirrors are made from reclaimed, wine-stained oak staves used to flavor wine during the fermentation process. The oak staves soak in wine for months, infusing tannins and aromas from the wine while absorbing the color of the grapes.

Choose from two finishes and four shapes and sizes, to complement a wide variety of design styles.
